Introduction to SLII®

Offered by Silvers HR, LLC

Course Description

This 3 hour Introduction to SLII® is the Blanchard Training and Development time tested model for communicating performance standards and feedback with your employees. This management model is used around the world to assist managers in communicating effectively with their employees based on their development level.

Who should enroll?

Anyone who manages people – supervisors, managers, business owners, volunteers, HR specialists

Workshop highlights:

This popular workshop is an introduction to the SLII® model and includes several real world examples, case studies, and a game for participants to try out their mastery of the model before taking it to "prime time" with their employees.
